- Buzz Loudness: 80dB (Theoretical)
- Operating temperature: -20°C ~ 60°C
- Product size: about 40mm× 40mm× 11mm
(subject to the actual product)

LOCATOR SECURE CARD

With a slim 1.7mm design, it easily fits into wallets, card holders, and other pockets. Its portable, light weight form makes it perfect for pairing with backpacks, keys, and any items that need tracking. It uses the same nRF52832 solution as AirTag, supports NFC applications, and can function as both an access card and a digital business card. Additionally, it supports wireless charging as well as magnetic charging, and the back side can be customized with your own design.

Model: SiNE CARD For Apple
SiNE CARD For Google

- Color: ● ○
- Size : 85.5 X 54 X 1.7 mm³
- Weight: 11.5g
